

Title	Analyst
Business	Advisory Services – Strategy & Transformation
Reports to	Practice Leader – Strategy & Transformation

Advocate is an advisory and managed services company of IT business experts and data scientists dedicated to helping companies optimize their technology infrastructure. Utilizing marketplace intelligence, decision analytics and acceleration capabilities, Advocate partners with its clients in innovative ways to save money, improve performance and deliver crucial insight to help them make the best possible decisions related to their technology investments. That is why we are positioned to help our clients Do What Matters More.

This individual will either work under the direction of a Consultant or Senior Consultant to deliver high-quality consulting services. Additionally, the Analyst may be called upon to be an active member of the pre-sales team, assisting in the development of proposal materials and developing peer relationships with the client team’s project lead. This person will also be expected to assist other Consultants and the Strategy & Transformation Practice Leader in developing points of view for publication based on completed projects and key technology trends.
